## 5. Founder Chairman's Desk

It is a great credit, to be a part of an educational organization, definitely trusts in preparing strong minded students to be imminent elites. I have seen, how S. N. College of Pharmacy, has developed to its related communication procedures, which suggests us to apply these techniques in our teaching environment. We have hired best teachers, who are not only the great learners while they are capable to combine their knowledge with the real world scenarios. It is astonishing that we are achieving knowledge with the skills, market values and future strategies, which would make our students, enable to compete internationally.

We always think, in terms of changing scenarios coupled with human personalities, which would be able to create futuristic mind – set that will shape to a country construction with a robust adherence to commercial morals. A high level research activity, along with the inclusion of industrial components, is not only prerequisite, while it is the need of an hour to apply these solutions to newly developed problems.

I hope that working closely with our students, communities and industries, we are delighted to play not only a management part in inspiring India's creative and traditional life, while also in, instrumental revolution and financial affluence, which would certainly contribute to advancements in the nurturing of the self – governing intellectuals, of our people. We warmly welcome, to all students and staffs, to think beyond the boundaries, by becoming a part of the S. N. College of Pharmacy.

**Mr. Naresh Chandra,**

## 9. Director – Academic’s Desk

I am extremely proud and it's my pleasure to write this message, for the newcomers who will join the S. N. College of Pharmacy. I am truly convinced that a student will achieve an excellent abode of knowledge, under the sincere and dedicated faculty members. A pharmaceutical technologist helps mankind in diverse ways. He/ she prepares medicines for incurable diseases as a Pharmaceutical Technologists, fetches the medicines to the reach of common people as a Medical Representatives, engaged himself/ herself in Clinical Researches, even he/ she can be the Officer of Quality Assurance or Quality Control of the Medicines, in the big production houses but at last not the least, he/ she can develop himself/ herself as an Independent Entrepreneur. S. N. College of Pharmacy has been a reliable name for the aspiring pharmacy professionals. Receiving knowledge does not means academic excellence but it also stands for holistic development of mind. Apart from delivering quality education, we are encouraging students to take participation in National and International Seminars.

With high hope and enthusiasm, we welcome all budding Pharmaceutical Technologists, to the centre of knowledge where educational nurturing and professional grooming, go hand – in – hand, for producing the best professional for Pharmaceutical Industry.

**Mr. Rajkumar Agrahari,**  
**Director - Academic**

## 10. Principal's Desk

Pharmacy is a noble profession since the services ultimately reach the suffering humanity, either directly or indirectly. Pharmacy professionals' deal with the life saves, pain relieving, problem solving substances – 'The Drugs'!

A drug during its long journey from the lab until it is administered to the patient, passes through the hands of a pharmacy professional at various stages like discovery, synthesis or isolation and purification, testing for advantageous pharmacological effects and absence of toxicological effects, formulation development, manufacturing and testing of drugs and ultimately medication management in the hospital.

We at S. N. College of Pharmacy, try hard to mould the budding professionals competent in knowledge and skills, powered with values, so that they can be better humans and best professionals for tomorrow.

It gives me great pleasure to reach out to you through the college brochure on behalf of S. N. College of Pharmacy.

Our College has spacious and well equipped laboratories, with latest sophisticated instruments. To our credit we have highly qualified, experienced and dedicated teaching faculty.

I strongly believe that the Pharmacists are responsible for producing good quality medicines. We say it with a sense of pride that S. N. College of Pharmacy provides best educational training and wide range of opportunities to our students to enhance their career.

It is nearly a decade since the pharmacy institution boom has continued unabated in India. I have no doubt in my mind that ultimately only those institutes shall come to occupy esteemed positions in the hierarchy of pharmacy education, which excel in quality education and earn a brand name in the galaxy of an educational network.

Pointed attention is being paid to quality concerns by constantly improving the infrastructure facilities, efficient and transparent administration, excellence in faculty appointments, and above all, an outstanding effort in the placement of those who accomplish graduation.

There is no doubt in my mind that S N College of Pharmacy shall continue to achieve the ultimate objective of producing excellence and desire to elevate themselves through a constant and conscious endeavour, by adhering to the basic principles.
